

Skalar will contain 14,000 sqm of leasable space

## Rising Skalar in Poznań

■ **POLAND** The Skalar office building is now under construction on ul. Górecka in Poznań. The building, the investor behind which is Górecka Projekt, will have a total area of 23,000 sqm, of which 14,000 sqm will be leasable. Skalar, with 5 underground levels and surface parking for 172 vehicles, was de-

signed by Pracownia Architektoniczna Ewy i Stanisława Sipińskich. The developer of the building has chosen Hydrobudowa 9 Przedsiębiorstwo Inżynieryjno-Budowlane to be the general contractor for the project. The completion of the work has been scheduled for the second quarter of 2010.
